

ACONCAGUA

SUMMIT EXPEDITION

THE ROOF OF AMERICA!

Our **Aconcagua expedition** covers **two iconic** mountains of the Andes Range: **Aconcagua Peak** and **Vallecitos Peak**. We commence our acclimatization in one of Argentina's **most stunning locations, Cordón del Plata Park**, and then proceed into **Aconcagua Park** to aim for the summit of the Americas. Beyond the expedition itself, we also value **sharing beautiful moments in the mountains**. We'll be staying at our very own **refuge in Vallecitos**, where there will be no shortage of **barbecue gatherings and guitar sessions**.

Another **key aspect** for us is **reaching the summit**. We'll do everything possible to help you **fulfill your dreams** (always with **safety** as our top priority).

ITINERARY

Day 1 - Mendoza (760m / 2508ft)
