

CROWN OF AMERICA

ACONCAGUA & OJOS

LAND OF VOLCANOES!

The "**Crown of America**" project is an **expedition** that involves ascending the **two highest mountains** in the Americas. An **incredible experience**, as the diversity of **landscapes** ranges from the **Atacama deserts** with their towering volcanoes to the **glaciers** of the central **Andes**.

Rugged and stunning 4x4 trails lead to the base camps, where we encounter abundant **local wildlife** such as guanacos, suris, flamingos, and more.

We will **climb** the **highest volcanoes** in the world, **Ojos del Salado** at 6893 meters above sea level. Afterward, we will set out to conquer the **summit** of **Aconcagua** at 6962 meters, leveraging our excellent acclimatization and performance.

ITINERARY

- Day 1: **La Rioja Airport** - Tinogasta. Night at a hotel.
- Day 2: Tinogasta (finalize purchases) - **Cortaderas Hotel** at 3300m.
